

## What You Can Do

If you have concerns about current strata legislation, write to your MLA and call the MLA's office and ask for a meeting to talk about it. It would be most helpful if you write to the Premier and the Minister of Housing and Social Development to express your views. In spite of VISOA's representations on your behalf, politicians will not address even the most serious problems with strata legislation until they get pressure from enough voters. A letter to the editor of your local newspaper would also be helpful, as some politicians don't believe something is an issue until they see it in the media.

You can find the name and contact information for your MLA at <http://www.leg.bc.ca/>
