

SEMINAR – SUNDAY APRIL 2 IN NANAIMO

Greening Your Strata

Does your townhouse or condo complex want to do your part to help keep BC green?

Our guest panelists are from various specialties who can help you with green ideas for your strata.

Topics include:

- Commercial Lighting: LED Lighting - challenges, costs, savings potential
- Jim Hindson: Electric Vehicles - vehicle types, growth of ownership, value for strata owners
- Houle Electric: EV charging stations - electrical requirements, installation process and challenges
- Regional District of Nanaimo - proposed changes to their Solid Waste Program, 10 year plan, and winning strategies for stratas to improve recycling/composting and waste separation.

Event will include a question/answer session with all guest speakers.

FREE for VISOA Members

\$20 for Non-Members, when registering before March 29th

Tickets may be available at the door: \$10 for VISOA Members, \$30 for Non-Members.
